

# Cinderella 2024

## The Shoe Must Go On!

### Character List:

**Cinderella** - Kind and brave, the heroine and principle girl of our show.

**Buttons** - Cinderella's best friend and footman at Hard Up Hall. Energetic and fun with a good rapport with the audience.

**Prince Charming** - Over protected heir to the throne, looking to find someone who will like him for who he is not what he is. Traditionally played by a female.

**Stepmother** - Cruel and unkind she is evil to the core! The villain of the show. Could be played as a 3rd dame. Think glamorous evil witch.

**Ugly Sisters** x 2 - Traditionally played by males, this dame duo need to be larger than life sisters. Not as evil as their mother but relish and enjoy Cinderella's suffering. Constantly competing with each other to find and marry someone rich.

**Dan & Dini** - Prince Charming's terrible security guards. Left in charge of looking after the Prince they spend the entire show trying to find him, only to lose him again each time they do.

**Nana / Fairy Godmother** - Begins the show as the Nana character, reading the story of Cinderella to her grandchildren. As the show goes on she enters into the story as the Fairy Godmother.

**Grandchild 1 & 2** - The grandchildren play an integral part in the story telling of the show. The show opens with the story being read to them, they then enter into the story, controlling parts of the story at some points and joining in with other parts. They will be on stage for all scenes.

**Chorus** - the chorus will be made up of household staff, villagers, ball room guests (the usual!!)

### Audition Material

Everyone will be asked to workshop the below script regardless of the part they would like to audition for, including chorus and principles. You do not need to learn this but be familiar with it and print it if you need to.

We will be singing 2 songs, again be familiar with them:
